The Priest's Pack contains items that are not listed for purchase separately. Here are the values I used.

alms box, [a well-made small wooden box about 1 gp and 1 lb.]

2 blocks of incense, [2 smaller blocks of cheap incense should cost about 1 gp, the weight is negligible]

censer, [a light weight brass censer and chain should be about the same as a holy symbol 5 gp 1 lb]

vestments, [Fine clothes cost 15 gp and weigh 6 lb. so we can use that]

Scholar's Pack (40 gp): Total Weight 11 lb (Cost of a little over 40 gp. if purchased separately.)

This assumes a small knife cost 2 gold pieces and a little bag of sand is 1 lb.
